

WELCOME TO U of M RUGBY

As a part of Michigan rugby, you will embody values that have been practiced for more than 50 years: sacrifice, teamwork, honor and excellence.

You will be challenged to work hard and to lead others; but it will be well worth it. Your participation will greatly enhance your Michigan experience.

You will also be joining a club that does not end with graduation. There are over 50 years of active alumni ready to help you with rugby, school, internships, jobs – you name it.

Make the choice they did.

The tradition continues with you.

- Professional Coaching

Not to mention...

- An education from one of the top universities in the world
- Help from more than 450,000 alumni
- The opportunity to help shape the future of Michigan and the world

Why Michigan?

A dedicated and challenging learning environment. 52 years of rugby unity and tradition. A world class University. An active and enjoyable Ann Arbor community.

What will I learn?

You'll be taught toughness, work ethic, respect, and leadership in addition to the rugby specific learning of fundamental skills, team play, and statistical analysis.

We take our education, character building, and rugby seriously but we enjoy college too. You'll immediately have 50+ friends who will help you take advantage of your time at U of M.

What do I have to do?

Be yourself. The environment is built so individuals can thrive and compete as a team while maintaining the strong qualities that make them who they are. You'll feel comfortable and challenged at the same time.

Don't forget to apply too. <http://www.admissions.umich.edu/drupal/applying>

Anything else?

We compete at the D1 level against traditional Midwest rivals such as Michigan State and Ohio State. The main league play is in the fall.

We field 2 or 3 sides each weekend and travel as a team in University vehicles.

Our strong alumni base helps provide you with practice gear, paid coaching, and reduced travel costs, in addition to job and internship help.
